

In this month's Hydrafile:**HYSPECS Pricelist 2009**

The updated 2009/2010 version of our pricelist is now available for download. With its bookmark and contents links, browsing to the product you're interested in is a quick and easy process. Product information includes basic specification, product image and price. [Click here \(4.8 MB\)](#) to download the HYSPECS Price List.

We also have a CD version of the pricelist available, which includes our linked Product Library. This is the same version that we use in-house which includes full product specification/brochure links for the product you are interested in. There's over 400 MB of information in there!

A printed version of the pricelist will be completed shortly which allows you to stay mobile and look up a part and price whilst on the go.

To order your free copy of the CD and/or Hardcopy please call one of our sales engineers by using the numbers in the contact details column, or drop us an email by [clicking here](#).

**Competition**

This month we have 10 HYSPECS "Hurricane" umbrellas to give away. Worth \$40 each these umbrellas have an inbuilt "blow off valve" which means they won't fold in-side out, no matter how windy or rainy it is. Perfect for this time of year!

The first 10 people to email me with correct answers to the following 4 questions will win an umbrella:

1. What brand of radio remote controls do Hyspecs stock?
2. What sizes of Hyspecs HT oil tanks are available?
3. What AS/NZ standard do our 3-phase Hengshui electric motors conform to?
4. What is the recommended maximum flow rate and pressure for a standard Eaton Cetop 3 valve (DG4V-3S)?

Hint: The answers are in the latest Pricelist. [Download a copy here](#).

Please email your answers and physical address to competition@hyspecs.co.nz. All winners will be notified by return email and the umbrellas will be sent via NZC. (This competition is not open to HYSPECS or HYTECH staff or their family members). The competition closes on Friday the 25th of July. Good luck!

Regards

Nick Cottier
