**New Product** - Stainless steel valves by Tognella...

**Hyspecs News** - Large stock holding has driven us upwards. Our Auckland branch installs a new floor...

**2006 Pricelist**

The updated 2006 version of our pricelist is now available for download from our website. With its bookmark and contents links, browsing to the product you're interested in is a quick and easy process. Product information includes basic specification, product image and price.

The pricelist is in the popular Adobe PDF format which requires a free viewer to use. To download your copy of the Hyspecs 2006 Pricelist [please click here](#).

**New Product**

Due to requests from the marine industry we are now stocking the following Tognella stainless steel valves:

- \* FT2270/2-38 & 1/2", 2-port pressure compensated flow controls
- \* FT2251/2-01-38 & 1/2", 2-port double acting needle valves
- \* FT2221/1-3000-3/8 & 1/2", 2-port ball valves
- \* Product is AISI 316 stainless steel
- \* Currently we are stocking 3/8" & 1/2" sizes

For more information or to purchase a valve please contact a Hyspecs sales engineer using the numbers in the left column or email us at [hyspecs@hyspecs.co.nz](mailto:hyspecs@hyspecs.co.nz). Should you require a different valve made from stainless steel please contact us and we will endeavour to acquire it for you.

## Hyspecs News

With extensive stores in both Auckland and Christchurch, Hyspecs product stocking philosophy is based on customer requests and usage. The philosophy is simple - 'Make it Easy for the Customer'. Hyspecs endeavours to carry in stock, at all times, a full range of products.

To warehouse all this product has its challenges. We felt that we could better utilize our existing Auckland building by putting a new floor/mezzanine in. It's proven to be so effective that if needed we'll do the other side of our warehouse in the near future.

To have a look at our extensive range of product visit our website by [clicking here](#).

**Kind regards**

**Nick Cottier**
